

I have dealt with Motonautica Vert for 40 years. Carlos, Carolina & Manuela all consistently deliver an exceptional level of service and expertise.

They have worked on and maintained my Riva St Tropez and I can honestly say, every interaction with them has been a fabulous one. Carlos worked tirelessly to restore the boat to an outstanding quality that even a surveyor was impressed with.

Even when I have faced issues with the boat, Carlos unfalteringly dealt with them and liaised with me whilst back in the UK so there was never a moments stress for me.

I would 100% recommend Carlos and the whole Motonautica Vert team – they are genuinely committed to looking after the boats as if they were their own and keeping the owners fully updated.
